Side décor

The venue will be draped in black and placed over the black draping will be a beaded organza drape in black and silver. When light reflects on the beads it creates a shiny starry effect. As the LED lights inside the venue changes colour so does the effect on the draping.

Stage area and props.
The back of the stage
will be draped in
black and in front of
the black draping will
be stars hung at
various heights. Two
crystal plinths will
also be on the stage.

Tables:

A combination of round square and rectangular glass tables with stretch bases with lights will be used to complete the glamorous effect.
